No doubt you have heard of the "Whistleblowers Action Group (QLD) Inc." WAG in the media of late, & wondered what we do. We are a recently formed Public Interest Group with a three fold charter in the Exposure & Correction of Systemic Corruption in QUEENSLAND, the management of cases currently involving our membership & the support & counselling of Whistleblowers who have been Victimised in the course of Speaking out about Wrongdoing.

We have pleasure in announcing that the **First of Six Reports** from the Study conducted by Dr William De Maria is currently available.

This report is entitled "Unshielding the Shadow Culture" a provocative analysis of the experiences of **WHISTLEBLOWERS** who made public interest disclosures in the 1990-1993 period. It deals with :

- Whistleblower Demographics • • Evaluation of Government Responses •
- Occupational Profiles • • Wrongdoing Analysys •

We recommend this research monograph to anyone interested in original information about a **Social Issue** which has a far, far, reaching effect.

At \$10.00 per REPORT, we believe they will become an invaluable Training Tool to enable the Formulation & Implementation of:

: WRONGDOING EXPOSURE POLICIES:
